FARMERS MARKET

SHOPPING TIPS

- Know what's in season—these fruits and veggies are often better quality AND less expensive. You can check out the Arizona Harvest Calendar online or just ask a farmer.
- Bring small bills if you are paying in cash. Most markets accept credit cards, but small bills save you time.
- Bring bags to carry your purchases to cut down on waste. A cooler is also useful if you plan to eat lunch or hang out at the market.
- Try something new. And look for what's ugly! Even if you're used to waxed apples from the supermarket, odd varieties and imperfect produce are often cheaper - and you might find a new favorite.
- Wear sunscreen and stay hydrated by bringing your own water bottle, especially in the summer.
